So Far the Military Dirigible, Based on Speed Trials, Is Worth Only \$5,737.50.

FARMAN RETURNS TO PARIS

WIFE HOPES NEVER TO SEE THIS COUNTRY AGAIN.

Washington, Aug. 15 .- The airship board of the signal corps today calculated that Thomas S. Baldwin's dirigible balloon traveled at the rate of 19.61 miles an hour during the official test yesterday at Fort Myer. This speed is subject to correction.

Unless General Allen, chief signal officer, allows Captain Baldwin further speed trials the latter will now receive \$5,737.50 for his military dirigible. This is much less than the actual cost of delivering the airship to the government has been to Captain Baldwin. He estimates the total expense of building the ship at \$\$ 000

Captain Baldwin was allowed three speed trials and now will have an opportunity to make three trials for en-An average in yesterday's speed trial will have to be maintained.

Farman Goes Home.

New York, Aug. 15 .- Henry Farman. the expert aeroplanist, who came to this country several weeks ago from Paris to give a series of aerial exhibitions with his flying machine at Brighton Beach race track, sailed for home today on the steamer New York, after a most unfortunate experience from a financial standpoint.

The French flying machine expert was brought to this country by a syndicate men from St. Louis, who, it was asserted by Farman, made many promises that they did not keep. Farman stated on sailing, however, that he bore no ill will toward the American people on account of the financial failure of the venture.

I may come to America again,"

While Farman treated the matter complacently, his wife was indignant over the manner in which her husband had been treated. "I have had enough of New York and the people here," said Mrs. Farman with a shrug. "The city is disgusting, and so are the people. hope never again to see this country.'

Damage Soon Repaired.

Farnborough, Aug. 15 .- A dirigible baloon came to grief this afternoon on returning here after an ascension. The ship had just landed when the

wind caught it broadside. Colonel J. E. Capper, commandant of the balloon school at Aldershot, and Captain F. F. Cody, the American inventor, managed to jump out uninjured, but the balloon was badly torn and the propeller damaged before the troops were able to

When the ship had been secured Colwas repaired. The airship subsetwenty miles with and against the wind, during which flight it behaved!

REXBURG, IDA., NOTES.

(Special Correspondence.)

Rexburg, Ida., Aug. 15.—The remains of J. B. Wasden, who died last Friday at Salem from typhoid fever, were shipped last night to Gunnison. Utah, for interment. The deceased was 54 years of age scratch far oftener than on the handiand leaves a wife and a large family. He cap lines, but it is doubtful if he will had been living in Canada and came down ever again show his remarkable form to Salem recently on a visit with his son, W. W. Wasden. While here he was stricken with the typhoid fever and died the home of his sen. The body was abalmed by J. Phillips of Rexburg. It
